

Calcium Formate tech

Description

- Calcium Formate tech
- White free flowing powder

Applications

- Tile adhesives
- Concrete cure accelerator
- Leather tanning

Delivery forms

- Bags of 25 kg on 1050 kg/pallet
- Big-bags of 1000 kg
- Bulk

Storage

- Keep cool and dry
- Shelf life is 2 years from production date

Sales specification

Calcium formate content, % ¹	Min 98.0
Bulk density, kg/dm ³ ²	850-1200

Typical properties

Particle size >250µm, %	Max 35
Heavy metals	
Arsenic, mg/kg	<12
Cadmium, mg/kg	<0.75
Lead, mg/kg	<30
Mercury, mg/kg	<0.1

Analytical Method

¹ PO 124-4, ² PO 125-7

Analytical methods are available on request
